

# TORNADO TOLL 152 DEAD, 1,000 INJURED

## A.F.L. Men Turn Back From C.C.L. Pickets At Yard

Work at both No. 1 and No. 2 yard, Yarrows Ltd., was out drastically as Marine Workers' Machinists' and Boilermakers' Industrial Union No. 3 (C.C.L.) went on strike at 8 this morning against the city shipyard.

Union and management reports conflict on the number of men who went through the C.C.L. picket lines this morning. The C.C.L. union says the picket line count showed not more than 50 of the 450 A.F. of L. men employed at the two yards went through. W. E. A. Barclay, Yarrows paymaster, said 150 A.F. of L. men had punched the clock.

The total number of workmen employed at Yarrows is 550, of which slightly over 100 are C.C.L. union members.

Early this morning, C.C.L. picket lines went out across the entrance to No. 1 and No. 2 yards and by the government dockyard entrance, where a railway line goes past to the No. 2 yard entrance.

Many of the A.F. of L. men who went to work this morning did not know of the strike until they arrived at the entrance to the yards. C.C.L. pickets said there were no incidents, "just a little pushing and shoving at first." However, they claimed, large numbers of A.F. of L. men refused to cross the C.C.L. lines and went home.

## Union Claims 30 Locked Out

The strike was called at a full meeting of the membership of the union Wednesday night. The meeting claimed 30 members of the union had been locked out by Yarrows for carrying out union policy and that their jobs had been filled by scabs.

"This is conclusive proof the company is determined to smash this union by following a policy of ruthless discrimination against our members," the strike call charged.

"We declare that we will not return to work until the company signs an agreement with our union and pledges an end to discrimination."

Union officers are seeking an interview with Labor Minister George S. Pearson this afternoon and a mass meeting for all shipyard workers of the A.F.L. and

Pickets carried placards saying: "Strike On." "If Wallace breaks our union, what kind of break will you get?" "It's all one fight, brother. Don't scab!" "Don't scab on your fellow workers!" "Be a union man, not a boss's stooge." And "Smash company unionism!"

B.C. and Esquimalt police were on the scene as the pickets prepared to meet the A.F. of L. men coming to work. The pickets had a public address system broadcasting the strike to the A.F. of L. men as they arrived.

Among the picketing union men were an ex-Esquimalt policeman, an ex-R.C.A.F. flight lieutenant and D.F.C. winner, and an ex-naval lieutenant, now all members of the Marine Workers' union.

C.C.L. has been called for 7.30 Friday evening at the auditorium, 1412 Broad Street.

T. A. Mitchell, business agent of the C.C.L. union said no question of jurisdiction was involved but that his union's grievance was against the company.

Union spokesmen announced they would appeal to the Department of Labor to compel Yarrows to arbitrate the dispute and appealed to A.F. of L. workers to support their demand.

The union claims the real issue is the refusal by Yarrows management to sign an agreement identical to the agreement already in existence in the Vancouver yards, and claims that H. A. Wallace, president of the yard, has "endeavored to conceal this issue behind the false claim of an inter-union fight."

## A.F. Of L. Men To Meet Tonight

Today J. Needley, president of the Victoria Shipyard Workers' Federal Union Local 238 (A.F.L.), said: "As far as we're concerned there is no picket line."

Earlier A.F. of L. officials had appealed to their workers to report for work.

As the chaos grew this morning, with the greatest majority of A.F. of L. men refusing to cross the C.C.L. picket lines into the Yarrows yards, A.F. of L. officials called two meetings. The first, scheduled for 7.30 this evening at the Broad Street auditorium, is for all A.F. of L. shipyard employees employed at Yarrows. The second is a meeting called for all machinists employed by Yarrows. This meeting is set for 8 at the Labor Hall at 602 Broughton Street. J. McMillan, western Canadian representative of the International Association of Machinists, A.F. of L., will address the meeting.

Mr. Wallace, who spent most of his time this morning out in his two strike-hampered yards, had said, on being notified of the pending strike, that the yard would open as usual. He continued to maintain the dispute was a jurisdictional one and said his company would continue production as best it could until some settlement was reached.

The strike is a culmination of

## 9 Killed, 9 Injured By Coal Mine Blast

EXETER, Pa. (AP)—Nine men were killed and nine others injured today in an anthracite mine explosion 350 feet underground.

Two victims were found soon after the early morning blast had ripped through the Knox Coal Co. operation. Rescue workers digging through the debris several hours later found additional bodies.

Assistant Police Chief Ed Petrillo said the explosion, which rocked the workings soon after the men had gone on the job, was caused by gas. The eastern Pennsylvania mine located near Wilkes-Barre employs 175 men, but only 17 were reported in the shaft where the blast took place. Several priests hurried to the workings and Rev. George Joekel went down in the shaft to administer last rites.

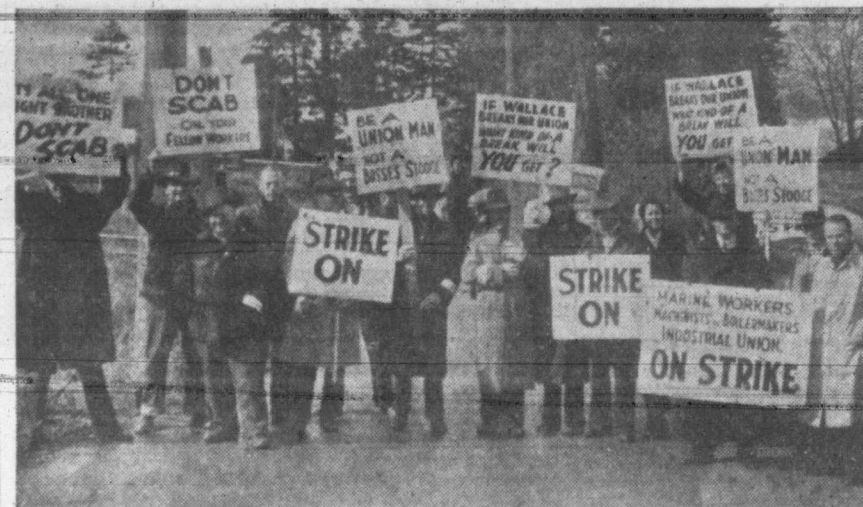

## Britain, U.S. Back French Move To Get Saar Area From Germany

MOSCOW (AP)—The United States and Britain agreed tonight to French demands for detachment of the Saar from Germany and economic integration of the Saar area with France.

State Secretary Marshall proposed initial steps to that end be taken by the Council of Foreign Ministers immediately.

Both Marshall and Foreign Secretary Bevin opposed, however, a French proposal that the industrial Ruhr be detached from Germany. They also rejected the idea of creating special regimes, international ownership or international management of basic German resources in the area.

## Line Halts Workers Reporting At Yarrows

C.C.L. pickets bar roadway into No. 2 yard, Yarrows Ltd., as the Marine Workers' Machinists' and Boilermakers' Industrial Union No. 3 declared a strike today against the city shipyard. Picket captains claimed success; said their count showed not more than 50 workmen of the 550 employed went into Nos. 1 and 2 yards combined this morning.

## Connally Says Soviet World Domination Move Must Be Halted Before Greece

WASHINGTON (AP)—Senator Tom Connally (Dem.-Tex.) told the United States Senate today Russian expansion must be stopped short of Greece and Turkey because the Soviets are aiming for "world domination."

The Texas senator, top Democratic member of the foreign relations committee, opened the Senate's third day of debate on President Truman's proposal to extend \$400,000,000 in financial and limited military aid to the two countries with a blunt declaration that Russia wants to "control the destiny of Europe."

### NO MORE SATELLITES

"We should demand of Russia that she abandon the methods by which she subjugated the satellite states," he said. "We should make it plain that as a nation and a people, we shall resist."

Connally, whose statements contrasted with the way most administration officials avoided any direct reference to Russia's aims, laid down a four-point program under which he said Russia could gain the friendship of the United States.

To do that, he called on the Soviet Union to cease to infiltrate other countries; cease to employ her armies as a threat to her neighbors; respect the sovereignty and integrity of other nations; perform her obligations to the United Nations to promote peace and peaceful settlements.

### RUSSIA HUNGERS

"Soviet Russia, by her system of spreading creeping paralysis among smaller and weaker nations, hopes to bring about world domination and to control the des-

tiny of Europe," Connally said. "She hungers for 'all the land that joins me.'"

"There is no denial that one of the cardinal purposes of this bill is to enable Greece and Turkey to resist the encroachments of Soviet Russia and her satellite states. Russia is not unaware of that purpose. We should make that purpose clear."

Asserting that this country wants only peace, Connally told his colleagues:

"The United States wants Russia to have her own government within her own borders, but no farther. Russia has a right to select her own system of government, but she has no right by political pressure, by the threat of armed force, to sap the strength of independent and sovereign peoples and to so enervate them and strip them of their strength as to be able to bring them under her domination."

## Truman Contends Wage Increases Justified Unless Prices Tumble

WASHINGTON (AP)—President Truman said today that unless prices come down wage increases will be justified.

The President told a press conference the justice department is studying the question of whether manufacturing concerns can combine to lower prices without running afoul of the anti-trust laws.

Under one Supreme Court decision, Mr. Truman said, it would be unlawful to combine to cut prices just as it would be to group together to raise them.

The President said this survey is being conducted as one means of getting prices down since the government's power over prices ended last year and it would be impractical to reinstitute price controls. He does not believe the people want such controls.

Continuing, the President said: Business made very great profits in 1946 and in the first quarter of 1947. Business wants to be free of price controls and now that they are free it is up to business to do something.

The responsibility is squarely on business.

The President said he feels there is no necessity for a recession.

### TO REDUCE LEVELS

Today, meanwhile, contract negotiations across the United States largely dormant or deadlocked since the start of the telephone strike on Monday, showed new signs of life in some areas today.

Renewal of give-and-take negotiations coincided with the reaching of a settlement basis in Washington between long-distance lines workers and the American Telephone and Telegraph Co.

### 2 Escape Mental Home

SELKIRK, Man. (CP)—R.C.M.P. and city police today were searching for two men who escaped from the mental hospital here late Wednesday night. Police said one of them was dangerous.

## Storm Cuts 100-Mile Path, Destroys 100 Blocks Of Oklahoma Community

### LATEST

### Sympathy Strike May Be Held At V.M.D.

A possible sympathy strike by the 300-odd members of the Marine Workers' Machinists' and Boilermakers' Industrial Union Local No. 3 (C.C.L.) at Victoria Machinery Depot Co. Ltd., was indicated in a statement this afternoon by T. A. Mitchell, business agent for the C.C.L. union.

Consideration had already been given to such a strike, now that C.C.L. union men have struck at Yarrows Ltd., Mr. Mitchell said, adding he expected the matter would come up for discussion and decision at the proposed mass meeting of Victoria shipyard workers which the C.C.L. union is calling Friday night. There are over 1,150 shipyard workers employed at V.M.D.

### 'Blank' Shell Explodes

VANCOUVER (CP)—William Jeffs is recovering in hospital here from a severe wound in the forearm suffered late Wednesday night when a rifle shell exploded as he was sawing it in half. Police said Jeffs believed the shell was blank.

### Negro In National

BROOKLYN (AP)—Brooklyn Dodgers today purchased the contract of Jackie Robinson, negro infielder, from Montreal Royals. It was announced by Branch Rickey, president of the Dodgers. Robinson thus becomes the first negro player to enter the major leagues.

### Woman To Die

WASHINGTON (AP)—The U.S. Supreme Court today rejected a last-minute legal move made to save Mrs. Louise Petre Judson, 63, from execution tomorrow in the gas chamber of California's San Quentin prison. The plump, matronly woman was twice convicted of murder.

### Shooting Probed

PORTAGE LA PRAIRIE, Man. (CP)—R.C.M.P. are investigating the death of John Rivard, 26, reported to have been shot early today in an east-end home here. Coroner G. H. Hamlin ordered an inquest to be opened later today. No charges have been laid.

### Rumor Premier King Killed Quickly Ended

WILLIAMSBURG, Va. (CP)—Prime Minister King, resting in this picturesque colonial capital, spent today "resting, reading and walking," a spokesman said. The Prime Minister, in the south on a short vacation, was enjoying splendid weather and expressed pleasure at today's sunshine.

In Canada as an unfounded rumor that the Prime Minister had been hurt or killed in an air crash gained circulation newspapers received many telephoned inquiries about Mr. King's health. Origin of the rumor was obscure, though it was known to have started in the United States and the story from Williamsburg, Va., which told of Mr. King enjoying his holiday, served as assurance that he was well.

### Truck-Train Crash Kills 3 Youths

PENICTON (CP)—A half-ton truck's race with a train ended here Wednesday night in the deaths of three young Okanagan Valley men—Fred Wolfe, Penicton; Paul Able, his cousin of Rothe, and Chester Isaacs, Penicton.

WOODWARD, Okla. (AP)—A devastating tornado swept across a 100-mile path of the United States' richest wheat and cattle country Wednesday night, killing an estimated 152 persons, injuring more than 1,000 and inflicting property damage running into the millions.

The Texas State highway patrol, quoting a Red Cross estimate, reported today that at least 152 were believed dead, with the probability more bodies were buried in the rubble. Rescue parties were probing through it.

Hardest hit was Woodward, Okla., where 100 were estimated to be dead, with between 800 and 1,000 injured. Approximately 100 blocks of buildings were destroyed in this city of 5,500 population.

The general course of the storm was northeastward from White Deer, Tex., 50 miles from Amarillo, then through Glazier, population 200; Higgins, population 750; Woodward and Gage, a community of 800 persons. The tornado skirted Canadian, Tex., but razed Coburn, a railway switching station.

Many of the injured were being taken to nearby towns and hospitals as far away as Wichita, Kas., were preparing beds for possible patients.

Disaster crews were rushed to the stricken areas. Peace officers and hastily formed vigilante crews guarded against looting.

Fires that followed the tornado were brought under control early today. Firemen were aided by torrential rains accompanying the southwest's most disastrous storm of the year.

### Autos Twisted Like Tinfoil

Streets were blocked by debris and automobiles were rolled into knots as if they were pieces of tinfoil, twisted between huge fingers.

Survivors wandered the streets in a daze, still unable to realize what had happened.

Higgins, Tex., was leveled except for the telephone exchange, the bank and school building, all of brick. The business district was destroyed by fire, brought under control early today. All traffic was blocked by rubble in the streets, and only ambulances were permitted in the area.

The state sent a bulldozer to clear the streets and to haul out wrecked cars. A five-room house was blown into the middle of the highway leading to Shattuck, Okla., and traffic detoured through a wheat field.

Barbed wire fences clogged highways, further impeding travel.

Eyewitness accounts today said the tornado first hit White

The Southwestern Bell Telephone Co. today rejected a union offer to send striking operators and repair crews back to their jobs in the stricken area because it said the union had inserted conditions it could not accept. There was a demand that the company call off all supervisory employees now working and that the union be left to determine what constitutes an emergency.

Woodward mortuaries were lighted by candles after power and lights had failed. Emergency generators were used at hospital and dressing stations. The Oklahoma Gas and Electric Co. plant was leveled.

Only one telephone line remained in operation, but by daybreak another circuit was established.

Deer, Tex., about 5.45 p.m. Wednesday, lifted a house from its foundations, wrecked a garage and derailed 21 cars of a moving Santa Fe freight train. The storm was sighted at Pampa and Miami, Tex., as it moved northeastward along the line of the Santa Fe Railroad. It skirted Canadian and then struck Glazier with full fury.

Coburn, a railroad switching station, was reported razed. The tornado struck Higgins, moved into Oklahoma, and smashed into Woodward and Gage.

One witness said the tornado sounded like a train coming as it struck. Fire broke out after the tornado had whirled away from Woodward.

Doctors and nurses from surrounding towns rushed to Woodward as soon as word of the tornado spread.

Those who survived—many bearing bandages—aimlessly treaded the rubble-strewn streets in a dazed condition, unable to realize fully what had happened.

### 2 Dead, 4 Missing In 1 Family

Typical of what happened to families was that of the Long household. There were five children, mother and father. The mother and one child were killed, 14-month-old Judith Ann Long was injured, and the father and three other children were unaccounted for.

Witnesses said huge trucks were hurled like match sticks into homes and buildings.

Mr. and Mrs. B. H. Robinson

Jr. and their daughter, Ruth, 17 months old, were seriously injured when their home was blown away.

Leo Jack and Bill Craig, traveling salesmen, were in a small Woodward cafe when the storm struck. Both hit the floor, hugging each other. The building was blown away, leaving them uninjured.

"I never saw anything like this in all Europe," Jack said. Both are Second World War veterans.

### No Serious Damage As S. California Rocked By Quake

LOS ANGELES (AP)—A sharp earthquake, subsiding into a rolling tremor which lasted almost a minute, rocked most of southern California at 7.59 a.m. P.S.T. today, but there were no reports of loss of life or serious damage.

Sismologists at the California Institute of Technology, Pasadena, said the quake's length indicated it was deep-seated and probably severe in some locality. A bank window was broken in Glendale and there were reports of minor damage in the artists' colony of Laguna Beach.

Occupants of Phoenix, Ariz., office buildings and hotels reported they felt a slight swaying.

### Cumberland Mine To Close Friday

COURTENAY (CP)—R. H. Plommer, general manager of Canadian Collieries (Dunsmuir) Ltd., said here today that the No. 5 Mine at Cumberland will close down Friday after 50 years of production.

The closure was brought about by the removal of the government subsidy of 75 cents per ton, and the large expense of haulage.

Although the company has no immediate plans for sinking another shaft, the Tsuble River mine, 10 miles south, will be developed.

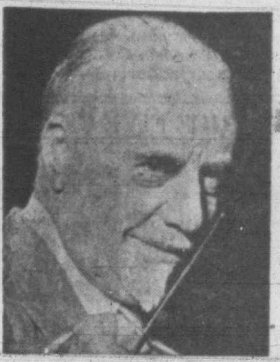

The Board of Trade here has been long pressing for government action, and it is understood a survey of the Tsuble River has been made.

## V.M.D. Completes Hull Of First Rhine Barge

The completed hull of the French Rhine barge Barsac as she rests on her keel at Victoria Machinery Depot Co. Ltd., where work is now under way on five of these self-propelled barges on the \$2,587,125 contract for 25 of the vessels. The Barsac is the only barge which will be completely assembled. She will now be broken up into sections for shipment overseas and reassembled there. The other barges will be built in sections only, and will not be assembled here before shipment.

## Canada's Army Has Share In Daily Weather Forecasting

OTTAWA (CP) — The army drew attention today to its part in providing Canadians with their daily reports on the weather.

The official forecasts, read by millions of Canadians in their daily papers, are provided by the Dominion government meteorological service. But Royal Canadian signals personnel manning stations of the Northwest Territories and the Yukon radio system render reports several times daily to the central weather bureau in Toronto. As weather changes which develop in the far north usually reach southern Canada and the United States within a matter of hours, the observations broadcast by the army are of "vital importance to the making of accurate forecasts."

The army said that supplying meteorological observations was merely one duty of the signals corps which, using the most

modern equipment and methods, operates a communications service across the country and to England and the United States. Where no other means of communication exist, this system, in addition to handling military communications, accepts traffic free of charge from all government departments and for private concerns, at a nominal rate. The signals have also been known to pass traffic for commercial telegraph companies when the latter's lines have been paralyzed by storms.

The network, stretching the length and breadth of Canada, ties together all military headquarters, Fort Churchill, Man., and other stations throughout the north.

Links to Washington and London are worked daily. Signals officers, engineers, the entire system, with the latest scientific developments in the communications field regularly introduced.

## Officers Elected By John Howard Group

The John Howard Society of Victoria rendered and assisted 170 clients during the past year, it was announced Wednesday night at the annual meeting of the society.

Rev. F. Comley was re-elected president of the group for another term. Mrs. W. E. M. Mitchell will again act as case worker, and A. W. Hammond continues as secretary.

Directors named were Mrs. Lee Warner, E. D. Kiley, Mrs. R. R. Jalpin, Capt. C. G. Bateman, M.B.E., and Bernard Gillette. A. W. Hammond, secretary, reported to the meeting that expenditures for the year totaled \$908. This averaged \$5.30 for every man aided.

"Our first concern must be to end the crime-producing conditions and meantime, while protecting society from its own product, we must do all we can to restore them to a socially useful existence," Mrs. Mitchell, case worker, told the meeting. President Comley appealed for more people to take an interest in the work of the John Howard and other similar societies.

Dr. S. R. Laycock, professor of educational psychology at the University of Saskatchewan, addressed the meeting.

## Manitoba To Provide Mercy Flight Service

WINNIPEG (CP) — The Manitoba health department, in co-operation with the resources department, will inaugurate a "mercy flight" air service and two-radio communication service for the benefit of patients in outlying areas, Health Minister Ivan Schultz told the Legislature Wednesday.

His department's estimates, totaling \$5,359,953, called for innovations in public health and welfare work, including an investigation of nutrition problems, he said.

## Alaska Government Deficit \$3,750,000

JUNEAU, Alaska (AP) — A "freeze" order on all appropriations for 1947-48 except those essential to the operation of the territorial government, has been issued by the territorial Board of Administration, Attorney-General Ralph Rivers disclosed today.

The action followed estimates revenues would fall an estimated \$3,750,000 short of the \$10,000,000 appropriated by the Legislature.

Principal effect of the order will be to halt all new construction of schools, hospitals, roads, airfields, floats and small boat harbors.

## Butter Rationing May End This Summer

OTTAWA (CP) — Spring has brought recurrent rumors and speculation in Canada that butter rationing is to be abolished. At the same time there are recurrent official denials.

If the ration is to be dropped this year, those close to the supply situation say it must be done this summer during the peak period of production normally reached in June and continuing through July and August.

Some sources say June would be a likely time for abolition of the ration, stressing that if it is not removed then it must be continued through the low production months of the fall, winter and next spring.

Linked closely to the ration, now established at one-half pound a person each week, is a subsidy of approximately 10 cents on milk going into butter production.

If this subsidy is removed—and official sources have indicated it likely will be—it will mean an increase in retail butter prices with possibly a slight lift in the price ceilings and a consequent better financial return for the producer.

## Confirm Wilgress To Get New Post

OTTAWA (CP) — External Affairs Department officials today confirmed reports Daria Wilgress will not be returning to his post as Canadian Ambassador at Moscow, but said his withdrawal had no connection with the fact Russia has not had an ambassador in Canada since December, 1945.

Mr. Wilgress recently left Moscow for Geneva, where he will head the Canadian delegation to the International Trade Organization Conference. Before his departure he had a "cordial" meeting with Foreign Minister Molotov, who expressed belief the Russian Foreign Office soon would be giving consideration to the appointment of a new ambassador to Canada.

The officials said consideration would be given to the appointment of a successor to Mr. Wilgress, but in the meantime, Robert Ford, second secretary at the Moscow embassy, would serve as charge d'affaires.

They expected to be able to say within a week what new post Mr. Wilgress would be given.

## Truman Urges U.S. To Aid Timber Growth

WASHINGTON (AP) — President Truman today urged that the U.S., on the 75th anniversary of Arbor Day, resolve to "stop destructive cutting and unwise depletion, and build up timber growth."

"We have today, without question, a very real forest problem," Mr. Truman said in an Arbor Day statement.

"The forests of the future will consist of trees we purposefully grow, rather than the trees we found here."

Arbor Day was established by Julius Sterling Morton, one time Secretary of Agriculture. Nebraska settlers were the first to observe it in 1872.

## Denies Poison Sent

NEW YORK (AP) — William Sutterfield, 31, estranged from his wife, denied in police line-up Wednesday that he had sent a box of poisoned nuts to his mother-in-law. Sutterfield was charged with attempted felonious assault after the nuts, received April 4 by mail by Mrs. Violet Fesselmeyer, were found to be sprayed with poison. A daughter opened the package and became suspicious after tasting a nut.

## Cameron Honored

VANCOUVER (CP) — Dr. Max A. Cameron, author of the Cameron report and head of the department of education at the University of British Columbia, has been awarded the G. A. Ferguson Memorial Award for the outstanding contribution to education in British Columbia in 1946. The award was made by B. C. Gillies, past-president of the B.C. Teachers' Federation, before more than 800 fellow teachers attending the 28th annual convention of the B.C. Teachers' Federation.

## Coast Guard Takes Cagney's Yacht In Tow

LOS ANGELES (AP) — Actor James Cagney's disabled yacht, the Swift, was taken in tow by the U.S. Coast Guard cutter Perseus today and headed toward Newport Harbor, its home port.

The Perseus reported she had sighted the 125-foot auxiliary schooner 6 1/2 miles south of Dana Point in the Pacific Ocean.

Actor Spencer Tracy was not aboard the yacht, as first reported. Cagney had radioped: "Engine disabled off Laguna Beach; unable to make harbor by sail, request help."

## \$2,500 Fine For Fraud In Income Tax Returns

VANCOUVER (CP) — Found guilty on five charges of making false return to the income tax department, Frank Morgan, president of the San-O-Heat Company, plumbers, Wednesday was fined \$2,500 by Magistrate W. W. McInnes in city police court.

H. F. Herbert, special investigator from the income tax department, said the returns covering the 1942-46 period concealed \$20,394 income through false statements. The tax shortage was declared to be \$9,358. The court was told that Morgan had received the \$9,358.

## Summer Drive Planned For Reserve Recruits

CALGARY (CP) — Efforts will be made this summer to bring Canada's reserve army units up to strength, Defence Minister Brooke Claxton, said here Wednesday evening on his arrival by plane from Edmonton. "Toward the end of the summer we hope to be able to start the reserve units on a good basis," he said.

## U.S. Train Crash Injures 3 Canadians

RATON, N.M. (CP) — Three Canadians were among 16 passengers who suffered injuries necessitating hospital treatment when the Santa Fe Railway's eastbound Super Chief was derailed Wednesday night at a blind siding, a hospital list showed today.

Physicians said none of those hurt was in dangerous condition. The Canadians were identified as Mrs. Jeanette Johnson and Mrs. J. S. Brown, both of Toronto, and Mrs. Margaret J. Robertson, Montreal.

The train was derailed at Otero, 240 miles northeast of Albuquerque. There were no fatalities.

The accident was the seventh in as many days on United States railroads.

Among the injured were Mrs. Rosika Netcher, one of the famous Dolly sisters of the theatre, and her husband, Irving.

## Group Appeals For Day Of Prayer

LONDON (CP) — An appeal for "an appointment of a day of humble prayer for the nation, at home and throughout the British Commonwealth," was made today in a letter to The Times of London signed by a group representing "all denominations."

"We believe the nation needs as never before the upholding and comforting power of God that it may remain steadfast and united amid the difficulties and dangers which overshadow it today," said the letter. Signatories included Viscount Bennett, one-time Prime Minister of Canada.

## E. Strangroom Dies

OTTAWA (CP) — Erle Strangroom, 42-year-old special assistant to the Deputy Minister of Labor and a well-known figure in Ontario drama circles, died suddenly Wednesday night. He was one of the principal contributors to the writing of Canada's Unemployment Insurance Act and formerly was chief inspector of insurance with the Unemployment Insurance Commission.

ARTICLE I: "The Modern  
Way to Serve Fish"

## Take a Tip

In days of old the housewife had to handle chunks of slippery fish whenever she planned to serve fish to the family.

Today it is different. Now she may purchase fresh frozen fish the same as frozen peas, strawberries, etc. Each fish is neatly wrapped in a one-pound cellophane package and has been frozen at 40 degrees below zero, thereby sealing in all vitamins so essential to good health.

To enjoy this modern way of serving fish ask your grocer, butcher, fish or community store for TYEE BRAND Fresh Frozen Salmon, Fillet of Sole or Cod.

P.S.—B.C. Electric Tested Recipes for TYEE Fish will soon be available.

## Chairman Promises Early Decision On Milk Price Increase

Decision is expected within a few days on whether or not there will be an increase in the price of milk, E. C. Carr, chairman of the Provincial Milk Board, indicated at the conclusion Wednesday of a public hearing called for the purpose of receiving representations for and against an application to boost milk prices on Vancouver Island.

The meeting held in the Chamber of Commerce Auditorium was attended by more than a score of Lower Vancouver Island dairy farmers who strongly urged a price boost on producers' milk in order to enable them to meet increased labor and production costs.

In announcing an early decision would be made on the matter, Mr. Carr made it quite clear that any increase in milk prices would have to be borne by the consumer.

Mr. Carr said evidence at the hearing had convinced him that milk production on Lower Vancouver Island was seriously decreasing and that something would have to be done to improve milk production.

"We are importing more and more milk from the mainland," he stated. "This is largely due to an increase in population and a decrease in milk production."

He added that milk distributors had to pay 70 cents for the transportation of 10 gallons of milk from the mainland.

The Milk Board chairman de-

WHO WOULDN'T BE KIND TO THESE PUPS?—These cairn terrier pups are given a helping hand to illustrate the theme of the "Kind to dumb animals" week, which started April 7.

plored the lack of public interest in the application to increase milk prices. "I'm sorry to see that no representations against a milk price increase were made by consumers," he said. "These meetings are held so all sides may be heard."

### STORE PRICE DIFFERENTIAL

The hearing came to an end with a recommendation from Safeway Stores Ltd., for the establishment of a store price differential which would reflect the lower cost of distribution to stores compared with home delivery of milk.

The brief stated that, if an increase in the retail price of milk was found by the Milk Board to be necessary, the increase should be confined to milk delivery to the consumers' doorstep, and there should be no increase either in the carry-away price of milk at the stores or in the price of milk in stores.

Safeway Stores complained under existing price regulations, with stores and home delivery prices the same, no recognition was given to the differences in costs in different types of distribution. Safeway contended there was a sharp difference in cost of distribution between home service delivery and delivery in stores.

John Monteith, representing the Royal Dairy, and A. Lamb, Gordon Head Dairy producer and distributor, expressed themselves in favor of a price boost on producers' milk.

Dairy truck drivers, in a letter, expressed themselves in favor of the application.

Earlier at the meeting, dairy farmers contended that unless the producer received an adequate return for his milk, milk production in the Victoria area would fall to a serious low level.

They demanded a price increase from \$3.25 to \$3.65 for 100 pounds of milk, and later urged that this figure be raised to \$4.00, as increase cost of production was bound to continue to go up during the next year.

Increased cost for labor, feed and farm expansion were the main reasons given in the demand for milk price increase.

Dairy farmers said it was now more profitable to sell dairy cattle for meat than raising them for milk.

## Find Car Believed Used In Cowichan Hold-up Attempt

Owned by T. M. Davis, Koksilah, a stolen car, believed to be the one used by the would-be bandit who faced R. Risby with a gun in Rand's Service Station on Cowichan Lake Road Tuesday night and fled without completing his intention of robbery, was recovered Wednesday at the Duncan fairgrounds by Provincial Police.

After Mr. Risby had been told by the gunman that it was a stick-up, the store operator turned and ran to the back of the shop and with that the would-be bandit fled from the store, getting into a waiting car.

The report of the attempted robbery resulted in Provincial Police all over the lower island being alerted to check all cars on the roads leading from the scene in all directions.

While the police are still on the watch for the man, of whom a good description was obtained from Mr. Risby, today no one has as yet been apprehended.

## Arion Male Choir Plan Concert In May

The Arion Male Voice Choir will hold their 128th concert of the 55th season at the Empress Hotel-Wednesday evening, May 14, on which occasion the program will consist of a number of new selections by the choir, and quartettes and solos by the active members.

B. C. Braceful and J. W. Buckler, conductor and assistant conductor, respectively, will lead the choir members, and Mrs. James McVie will preside at the piano.

## LIBBY'S BABY FOODS OFFER EXTRA NOURISHMENT

Laboratory and Clinical Tests Prove Baby Gets More Nourishment from Same Amount of Libby's Baby Food

Baby's immature digestive system faces a brand new problem when doctor says it's time for fruits and vegetables. For these foods are fibrous. Their nourishment is held within cell walls.

To help baby overcome this problem, Libby's have developed an exclusive process called Homogenization which opens up the food cells. With digestion extra easy, baby gets more of the good nourishment out of Libby's Foods.

For example, actual feeding tests confirm that Libby's Spinach offers

baby TWICE as much iron nourishment as the same spinach that is not strained.

Libby's want all mothers to know more about this exclusive Homogenization process which offers many benefits to baby. Just write to Libby's, Chatham, Ontario, and a copy of the free booklet "Healthy Feeding for Your Baby" will be sent to you.

ONLY Libby's BABY FOOD ARE BOTH STRAINED AND HOMOGENIZED

## SILENT GLOW OIL BURNERS are back again in British Columbia!

That's good news for British Columbians, as many letters we receive testify. Here's a typical one, dated Jan. 21, 1947 (Name of correspondent on request):

"I installed burner C98089 in my kitchen range on October 12, 1933 and it has been a comfort and household blessing ever since. Out on the Pacific Coast our winters are very mild and most of the winter we can get by with one burner turned low sufficient to provide breakfast comfort in addition to a tank of hot water and kettle boiling when we get up in the morning. After thirteen years continuous use the two sets of shells are still in good condition.

Silent Glow is easy on oil — gives faster, easier, cleaner heat in your range. It was the first range burner to be approved by National Research Council, Ottawa — 1933. Approved in 1946 by Canadian Standards Association, National Research Bldg., Ottawa.

## Beauty BY THE GALLON

The Union of B.C. Municipalities has been invited by the Association of Washington Cities to send delegates to a conference being held at Port Angeles May 15 and 16, Mayor Percy George, second vice-president of U.B.C.M., was informed today.

H. C. Williams, 911 Market Street, has written Mayor Percy George suggesting that a larger and better flag should be flown from the flag pole at Beacon Hill, as the present one does not make a very good showing for the size of the pole.

## Jericho Beach Land Goes Up For Auction

The provincial government is planning to sell at public auction about 18 acres of land at Jericho beach in Vancouver.

The land, part of which was reserved for the department of national defence during the war, the remainder of which was reserved by the province for the Department of Health and Welfare, is expected to be put up for sale shortly when details have been worked out by the B.C. Lands Department.

The Health and Welfare Department, which wanted the land for institutional purposes, has decided now that it is unsuitable for its uses.

The property, at present zoned by Vancouver for single family dwellings, is in the vicinity of the Jericho beach air station.

## Thanks Citizens For Meat Coupons

With meat rationing at an end, the food coupon collection committee of the Red Cross at Victoria has ceased to function, according to announcement today of Brig. W. G. Colquhoun.

During the period, the committee has been in existence, 51,003 meat coupons and 968 tokens, representing 102,000 pounds of meat, have been collected.

"On behalf of the committee, I wish to thank the citizens of Greater Victoria for their magnificent effort," said Brig. Colquhoun.

## PIPERS' REUNION

Annual reunion dinner of the Vancouver Island Pipers' Society will be held Saturday at the Empress Hotel.

Pipers from Vancouver, representing the Seaford Highlanders of Canada and the Vancouver City Police Pipe Band will be present. A group from the Seattle Pipe Band will play, competition and exhibition piping will be given by the visitors and Canadian Scottish pipers.

The president, Pipe Major Ian Duncan, is in charge of arrangements.

## Veterans Asked To Be Army Spokesmen To Aid Recruiting

Being received in the mail at the present time by discharged war veterans who wore khaki in World War II is a message from Maj.-Gen. Ernest Weeks, adjutant-general at Army Headquarters in Ottawa, appealing to the former fighting men to "act as spokesmen for the army in civilian life" to induce more men to join the colors.

"You know what we fought for in the last war, and you know why we have an army in peacetime—so that if need arises we shall be ready again to defend Canada... while men have been coming in at a good rate, the army still needs more, the letter says.

"Its main job is to train a force of expert soldiers around which any larger army Canada might need in the future could be quickly built," Maj.-Gen. Weeks says in his message.

He points out the khaki department of the national defence of Canada wants "good men"—men who made the army what it was during the war, and that it was decided the best way to get such men was to write direct to the discharged soldier. "As a veteran and a trained soldier, you know better what is wanted than most other Canadians."

The message also points out that the Reserve Army needs a nucleus of veterans as well as men who were too young to serve—and "will you help with that too?"

Enclosed is a booklet telling about the peacetime army, which veterans are encouraged to read.

## Art Lees To Head 'Y' Program Council

Art Lees of the Y's Men's club was elected president of the Y.M.C.A. Program Council at the annual meeting of the council in the Y.M.C.A.

Others elected to positions on the executive include Jean Harwood, vice-president; Mary Hamilton, secretary and Laurie Westendale, treasurer.

Retiring president, Arthur Lett, presented a report on last year's activities. The council will not sponsor a May Queen candidate this year, it was decided.

Committees for the Saturday night club and other organizations will be named at the next meeting of the council.

## Daffodil Show Opens Saturday

Gardeners of Victoria are eagerly awaiting the opening of the Victoria Horticultural Society's daffodil show Saturday afternoon at 2 in the Crystal Garden.

Commercial exhibits of many new varieties of both tulips and daffodils will be seen, together with a fine showing of primulas. There are 75 classes open for competition. Twelve classes are allotted to artistic arrangement, 18 comprise the daffodil section and 12 more are devoted to tulips. The balance is divided into sections for other spring flowers, potted plants and junior exhibits.

Judges for the show will be W. G. Darling, head gardener at Government House, J. J. Woods and J. H. Crossley, superintendent and bulb specialist respectively, at the Dominion Experimental Farm, Saanichton.

## Island Sea Cadet To Be Chosen Soon

The Vancouver Island member of the Royal Canadian Sea Cadet Corps, who will be a part of the contingent of 24 going from all parts of Canada to Britain this summer, will be selected within the next 10 days, Col. T. Moore, manager of the Navy League of Canada's hostel, Prince Robert House, reported today.

The process of selection is now under way. The cadet will be chosen from cadet personnel of Rainbow I, here, or Amphion, Nanaimo.

The two cadets who will represent the mainland division of the R.C.S.C. have already been named. They are P.O. A. McLennan, Vancouver, and Leading Cadet Albert Eydson of the Prince Rupert contingent.

The cadet contingent will go to Britain, possibly aboard H.M.C.S. Warrior or some other warship early in June, and while there will be guests of the Navy League of Britain at cadet and naval bases in that country.

## Devaluation Denied

LONDON (Reuter)—Rumors from Johannesburg, South Africa, that devaluation of sterling against the dollar is imminent were denied Wednesday by a Bank of England spokesman.

## Nursing Home May Raise Rates Here

The Victoria Nursing Home, located in the old Crow-Baker home on Gorge Road is running on a deficit of \$125 a month at the present time, Mayor Percy George was informed today in a report submitted by the board of directors.

At the present time 60 per cent of the space in the home is reserved for city indigent patients, and the remaining 40 per cent for private patients. A fee of \$75 per month is charged for each patient, and the alternative is to either obtain a government or city grant or raise the fees, the directors stated.

During 1946, they reported, disbursements were \$30,137, and receipts \$29,095, leaving a deficit of \$1,041. In addition to this no taxes have been paid on the property.

The home has developed more into a home for incurables rather than for convalescents from the two general hospitals as originally conceived, they said.

F. E. Winslow, president of the directors, said that if space could be found for four more patients, it might be possible to meet expenses, as the present staff could care for the extra patients without increased cost.

In the effort to get more funds without raising rates the provincial government will probably be asked for a redeemed grant such as given under the hospital act.

A meeting of the board of directors of the Victoria Chamber of Commerce will be held tomorrow afternoon at 3:30 for the purpose of electing a new slate of officers for the year 1947-48. A president, vice-president and secretary will be elected. R. W. Mayhew, M.P., will attend the meeting.

Is a blemished skin making your life miserable?

Prove to yourself how much this medicated cream can do for you!

Does your skin make you discouraged—give you an inferiority complex? Then prove to yourself what Noxzema Medicated Skin Cream can do. Nurses were among the first to discover how wonderfully helpful Noxzema is in softening rough, dry skin!

And Noxzema actually helps heal ugly blemishes and other annoying skin irritations. Thousands of women everywhere rely on Noxzema as "first aid" to a lovelier complexion. Over 20,000,000 jars bought yearly.

## Personal Notes

Mr. and Mrs. Vincent Rush of Port Alberni, have been visiting in Esquimalt and Langford over the Easter holiday.

Rev. G. H. Greenhalgh has returned to Port Alberni, after visiting his parents, Canon and Mrs. A. E. Greenhalgh, Colquitz Avenue.

Mr. and Mrs. William Cains, Sooke, have as their guest during the school vacation, Mrs. Muriel McClure of Cranbrook, who is on the school staff at Revelstoke.

Capt. and Mrs. Raymond Morris and son Michael, have returned to their home at 408 Cook Street, after spending the Easter week-end with Mrs. F. M. Borradaile at Salt Spring Island.

Miss Margaret Brace, daughter of Mr. and Mrs. H. Brace, 2431 Bowker Avenue, returned home recently after spending two weeks in Edmonton as the guest of Mr. and Mrs. Fred Phipps.

Miss Pamela Butcher, fourth year Arts student, returned to University of B.C. after spending the Easter holidays with her parents Mr. and Mrs. S. L. Butcher, Wilkenson Road.

Miss Georgiana Wilson traveled by plane to Miami last week-end where she will be the guest of Mrs. H. H. Kerns, the former Miss Jo Pearce of Victoria. Miss Wilson will spend some time in Cuba, Louisiana and New York, before returning by plane to her home in Victoria.

Members of St. Paul's Presbyterian Church, Victoria West, held a farewell social Tuesday evening to honor Rev. W. Ross, on the occasion of his retirement. On behalf of the congregation Rev. Ross was presented with a gift of money, and a bouquet of spring flowers was presented to Mrs. Ross. A musical program was held and refreshments were served.

Miss Agnes Roy, assistant general secretary of the National Y.W.C.A., who has been in Victoria for the past few days, will leave for San Francisco on Friday to attend the National Conference of Social Workers there. Miss Roy will visit Y.W.C.A. organizations across Canada, returning to Toronto in June.

Mr. Walter P. Jeune, 3256 Rutledge Road, is leaving Monday for Toronto, to spend some time. Mr. Jeune, a former apprentice to the late James Stanley Johnston of Swansea, South Wales, a carver, glider and picture restorer, plans to visit the art exhibition in Toronto where paintings of Hogarth, Turner and Constable are now on display.

Honoring Miss Kathleen Burns, an April bride-elect, Mrs. C. Henderson, 617 Fort Street, entertained at the tea hour Wednesday at the Empress Hotel. A corsage bouquet of sweetpeas and lily of the valley along with a pair of blankets was presented to the principal, while her mother, Mrs. T. Burns was presented with gardenias, and mother-of-the-groom-elect, Mrs. G. Bone, received a rosebud corsage bouquet. Other guests were Mesdames Burnett, Templeton, H. Miller, M. Hurst, J. Stevenson, B. Stewart, A. Moffat, A. Logie, W. Greig and Miss Marge Hurst.

Spring flowers decorated the home of Mrs. E. Morris, 971 Wilmer Street recently when she entertained with a kitchen shower to honor Miss Iris Drew. Gifts were presented to the bride-elect in a gaily decorated basket by Miss Skippy Morris. Bingo was played during the evening, the winner being Mrs. R. Atkin. Mrs. A. Drew and Misses Colleen and Skippy Morris assisted the hostess in serving refreshments. Others present were Mesdames A. Young, A. Hilton, R. Atkin, Sr., E. Roberts, W. Shelley, J. Keena, J. Atkin, Jr., A. Drew, Sr., G. Lupu, C. Knott, E. Gorle, C. A. Drew, Jr., G. A. Drew, Jr., E. Morris, and Misses E. Hilton, D. Knott, J. Roberts, C. Morris, S. Morris, P. Knott and M. Atkin.

Wearing a christening gown made from her maternal grandmother's wedding dress, the small daughter of Mr. and Mrs. P. A. T. Strong received the names Wendy Elaine in a christening ceremony performed Easter Sunday by Rev. G. Biddle at St. John's Church. Godparents are Mrs. Christian Holbeck, Mr. Stanley Card of Los Angeles, and Mr. Alec Gray. Following the ceremony, Mr. and Mrs. Strong entertained at their home, 3178 Douglas Street. Among those present were the principal's maternal grandmother, Mrs. A. Kater; her paternal grandparents, Mr. and Mrs. P. J. Strong; Mr. and Mrs. A. Gray and Dorothy, Betty and David; Mr. and Mrs. R. Holbeck and Richard; Mr. and Mrs. F. J. Laughlin; Mr. and Mrs. F. R. Laughlin; Mr. and Mrs. J. R. Fell and Roddy; Mrs. N. H. Fynn of Vancouver; Miss May Bastedo; Mr. and Mrs. L. Stilling and Brian; Mr. and Mrs. C. Clague, and Denise and Glenda; Mr. Art Strong; Mr. Jack Strong; Mr. Stan Card of Los Angeles and little Judith Strong.

## Former Victorian Returns For Brief Visit

Mrs. Robert J. Cummins of Vancouver with her young daughter, Roberta, has been a visitor in Victoria during the past week, the guest of her mother, Mrs. J. C. Pendray, 2391 Beach Drive. Mrs. Cummins is a popular visitor when she returns to Victoria, having many friends here. She leaves again for her mainland home on the week-end.

## Membership Tea

The board of directors of the Y.W.C.A. were hosts at their annual membership tea in the lounge at the Y.W.C.A. Wednesday afternoon.

Dr. Olga Jardine, president of the board, with Mrs. B. S. Heisterman, convener of arrangements, and Miss Margaret Wightman, general secretary, received the 80 guests.

Afternoon tea was served from a table centred with a low vase of daffodils and iris. Calla lilies, hydrangeas and japonicas, arranged by Mrs. L. Curtis, brightened the spacious room.

Presiding at the urns were Mrs. Bertha Parsons, Mrs. Kenneth C. Drury, Mrs. W. G. Hamilton and Mrs. John Baxter. Members of the board assisted in serving guests.

During the afternoon, Miss Agnes Roy, assistant general secretary of National Y.W.C.A., spoke briefly at the gathering on the privilege and responsibility of membership in the Y.W.C.A. "When you are a member of the Victoria Y.W.C.A." she reminded the gathering, "you are also a member of the Canadian and the World Y.W.C.A."

"Canadian Y.W.C.A. has 43 associations and we operate in 73 countries of the world."

Miss Roy also spoke of the Y.W.C.A. World Reconstruction Fund for which Canadian associations hope to raise \$25,000 to assist in rebuilding and reorganizing work in Europe and Asia.

She pointed out that \$5 will provide electricity for a club-room for a month; \$10 a ton of soft coal; \$25 will allow a secretary from one of the devastated areas to attend a conference in Switzerland for two weeks, all expenses paid; \$50 will pay the salary of a secretary for one month and \$100 will redecorate a building in a bombed-out area.

"Canadians are sending this money as a token of faith," Miss Roy said, "to help the peoples of those other countries rebuild and restart their own work."

Miss Roy returned to British Columbia recently to conduct a survey of extension work in the province, particularly related to girls' High-Y groups, which have spread into the suburban areas in the last five years.

Live Rabbit Draws Wagonload Of Gifts

A fluffy live bunny harnessed with silken reins drew a decorated wagon containing shower gifts and corsage bouquet of spring flowers for Miss Sylvia Monckton, whose marriage will take place Saturday, when Mrs. N. A. Hutton entertained at her home, "Oakcrest," 3149 Cook Street, Tuesday in honor of the bride-elect. A carrot suspended in front of the rabbit provided the means of locomotion in the novel presentation. The bride's mother, Mrs. P. Monckton, was also presented with a corsage bouquet. Others present were Mesdames F. Browne, E. Rowley, D. Alexander, L. Birch, D. Kirkpatrick and Misses Mary Flanagan, Enid Browne, Phyllis Mufford, Peggy Ready, Mavis Green, Jessie McDowell and Jennifer Hobbs.

## Bohemian Girl Friday

Miss Kay Farmer, solo dancer in the opera, "The Bohemian Girl," in the High School auditorium Friday night.

A cast of brilliant young singers and dancers who have all been acclaimed for their performance in recent Theatre Under the Stars productions in Vancouver, will be presented, under the auspices of Xi Beta Chapter of the Beta Sigma Phi Sorority, in a performance of Balfe's famous opera "The Bohemian Girl" on Friday at the High School auditorium, commencing at 8:30.

A new and revised version of the opera in two acts, specially edited by E. V. Young and Basil Horsfall will be given on this occasion.

Every care has been taken to retain intact all the beautiful melodies and to bring out the dramatic and comedy highlights, and this adaptation has indeed made the very popular "Bohemian Girl" bright and delightful entertainment.

The cast will include Shirley Naher, Winifred Hutt, Beverly Fyfe, Ernest Adams, Brian Hanson, Franklyn Johnson and solo dancers, Barbara Pearce and Kay Farmer.

E. V. Young, well known stage and radio artist will act as narrator.

The entire proceeds will be used for the Save the Children Fund and for the Victoria's Aged Women's Home.

## King's Daughters Hold Daffodil Tea

Mrs. P. E. George officially opened the annual daffodil tea sponsored by the King's Daughters, Wednesday, and was presented with a corsage bouquet of spring flowers by district president and convener, Mrs. M. Osterhout.

Mrs. Edwin Tomlin, who loaned her home, "Westward Ho" on Woodley Road, for the occasion, received guests with Mrs. Osterhout and Mrs. A. M. Perry.

Large vases of dogwood decorating the room, former an effective setting for the tea table, covered with a Madeira cloth and centred with spring flowers and candles, in the King's Daughters colors, white and mauve. Mrs. H. Young, Mrs. W. T. Straith, Mrs. Walter Walker and Mrs. Perry presided at the tea urns. Serviteurs were Mrs. E. Robbins, Mrs. W. Wilson, Miss E. Morley and Miss Pat Kingsbury. Mrs. Lister and Mrs. B. Champion were in charge of tea arrangements.

Mrs. B. Cliff and Mrs. Harold George convened the sale of spring flowers; Miss Kathleen Roberts was in charge of novelties and the grocery stall was under the management of Mrs. A. Wellburn, Mrs. T. Ackerman and Miss M. Witmer were in charge of door receipts. Approximately \$75 was realized.

Among visitors in the city, staying at "Cherry Bank" Hotel, are Dr. and Mrs. F. E. Wait and their son, Richard, Saskatoon; Mr. and Mrs. John Evans, Kelowna; Mr. and Mrs. Earl M. Fulton, Regina, and Miss Vivian Crawford, Saskatoon.

## Stop That Cough And Sleep Well

A wracking cough keeps you awake at night and is a heavy strain on your vitality. Bronchial tubes are constantly irritated. Reid's Bronchitis Remedy has been developed especially to meet this condition. It is made from a soothing emulsion of Canadian balsam. Reid's Bronchitis Remedy is on sale for 30c and 60c at all Cunningham Drug Stores and other drug stores. P-5

**Red Skelton Back  
In 'The Show-off'**

After two years away from the screen, Red Skelton took up where he left off—making movie love to a blonde—for his first scene in "The Show-off," new M-G-M comedy-drama opening today at the Atlas Theatre.

Others in prominent roles are Marjorie Main, last seen with Wallace Beery in "Bad Bascomb," Virginia O'Brien, Eddie "Rochester" Anderson, George Cleveland, Leon Ames, Marshall Thompson and Jacqueline White.

**'Kiss And Tell'  
On Rio Screen**

Columbia Pictures' screen adaptation of the George Abbott Broadway stage production of F. Hugh Herbert's smash hit, "Kiss and Tell," starring Shirley Temple and currently showing at the Rio Theatre, is the year's most looked-for screen event.

Others in the cast are Jerome Courtland, Walter Abel, Robert Benchley, Porter Hall, Tom Tully, Virginia Welles, Katharine Alexander, Scott McKay and Mary Phillips.

**ROYAL THEATRE**

One of the most elaborate scenes in "Till the Clouds Roll By," based on incidents in the life of the late famed composer Jerome Kern, was filmed with 500 players before the cameras.

Lena Horne, one of the host of M-G-M stars appearing in the new hit on the Royal screen, is featured with 150 colored singers in the spectacular "Show Boat" number, filmed on one of the studio's largest sets, while 350 extras were employed to watch the musical spectacle as the audience.

**DOMINION THEATRE**

Those who have never had an even break will get a vicarious thrill of satisfaction seeing the Lone Wolf, played by Gerald Mohr, in Columbia's "The Lone Wolf in Mexico," at the Dominion Theatre, rig a roulette wheel to turn the tables on the house.

Mohr, in order to win back the money which an elderly lady has lost at a crooked roulette table, installs his own "system" of controls.

**CAPITOL THEATRE**

Ray Milland again demonstrates his amazing versatility by turning in a brilliant performance in his first outdoor action vehicle, Paramount's technicolor saga of the west, "California." The picture is now showing at the Capitol Theatre with Barbara Stanwyck and Barry Fitzgerald sharing stellar billing with Milland.

**'The Dark Mirror'  
Showing At Plaza**

Contriving a novel slant on the currently favored dramatic material—the psychological murder thriller—is growing more difficult for screen writers.

However, the makers of Nunally Johnson's production, "The Dark Mirror," an International Picture today at the Plaza Theatre, believe they have achieved a new high in the medium.

The film, which co-stars Olivia de Havilland and Lew Ayres, has two murder suspects, and no evidence. Neither suspect is ever directly accused.

**Rank To Visit Coast**

VANCOUVER (CP)—J. Arthur Rank, Britain's multi-millionaire film magnate, will be a visitor here this summer. He is expected May 24 for a short stay before continuing on to Hollywood to visit his daughter, Mrs. Frank M. Packard, wife of the script writer. Movie officials said he was not coming to Vancouver to establish a British Columbia "Hollywood."

**Star's Deep Voice  
Pleases Film Fans**

Lizabeth Scott, tawny, hazel-eyed star of Hal Wallis' production for Paramount, "You Came Along," opening today at the York Theatre, vocalizes very effectively in her first screen role opposite Robert Cummings and Don DeFore.

Lizabeth fingers the piano gently, and with lovelight in her eyes and a handsome flier on her mind, pours forth in deep contralto tones. And Cummings takes it all in, unnoticed by the lady who wistfully sings the title song, "You Came Along"—words by Edward Heyman and music by John Green.

**OAK BAY THEATRE**

The name of Ralph Michael is a comparatively new one to filmgoers, but in the short time he has been on the screen he has attracted considerable attention.

Besides doing stage work, he has given further excellent performances on the screen as Patricia Roc's unsuccessful suitor in "Johnny Frenchman," as the neurotic husband in the haunted mirror sequence in "Dead of Night," and now as the medical officer in "The Captive Heart," being shown at the Oak Bay Theatre.

A building permit has been issued to J. Peltier to build a four-room house at 3141 Carrol Street, costing \$4,700.

## Lillenthal Confirmed; U.S. Atom Commission To Speed Its Work

WASHINGTON (AP)—The United States Atomic Energy Commission came out of its storm cellar today and plunged into long-range planning for peaceful and military development of nuclear power.

The tornado which roared about the commission during 11 weeks of argument subsided Wednesday night when the Senate voted 50 to 31 to confirm David E. Lillenthal in the chairman's job he has held since last Jan. 1. Four fellow commissioners and general manager Carroll Wilson also were confirmed without the formality of roll calls.

Lillenthal's aides said commission operations had been "seriously" handicapped by uncertainty over the legal status of the commission's membership.

They added that as the Senate argument dragged on, over charges that Lillenthal was "soft" in his attitude toward Communism, the work of the agency had suffered progressively.

The task of the commission

## Sinatra Called Before Jury; In Fight With Columnist

HOLLYWOOD (AP)—Frankie Sinatra will give a jury a blow-by-blow account of his midnight melee Tuesday night with New York newspaper columnist Lee Mortimer.

The crooner pleaded innocent to a battery charge Wednesday and asked for a jury trial, set for May 28.

Accounts of the Sinatra-Mortimer one-round bout at a night club were colorful and varied. However, Sinatra appeared the winner. He was escorted into court by sheriff's deputies, walking briskly and unscratched.

Mortimer, motion picture editor of the New York Daily Mirror, had a noticeable bruise on the cheek.

The bobby-soxers' favorite was released on \$500 bail, after a 30-minute wait for a bail bondsman, and early today left by plane for New York to receive an award from a council against intolerance.

The battery charge, brought on a complaint signed by Mortimer, is a misdemeanor and on conviction would carry a possible maximum punishment of \$1,000 fine or six months in jail, or both.

Dr. Lloyd P. Tainter of West Hollywood Emergency Hospital diagnosed Mortimer's injuries as a swollen left cheek, swelling behind the left ear and bruises on the right wrist.

Mortimer, who went to a hospital for \$17.50 worth of X-rays, claimed it took Sinatra's gang to do it. Although Frankie frequently appears around town accompanied by a husky entourage, the crooner emphatically denied Mortimer's assertion that he was knocked down and piled on by four men outside Ciro's restaurant.

Known, like Sinatra, as a little fellow who dislikes to be shoved around, Mortimer is just about a match for the crooner. They both are about 5 feet, 8 inches tall; tip the scales at 140 or a little less.

The crooner's lawyer, Albert Pearson, said Frankie was called "a nasty name" by Mortimer, and:

"Frankie told him to mind his own business. Mortimer made a lunge for him and Frankie let him have it. Actually, if anyone's at fault, it is Mortimer. There's a law against using profanity."

## Milk Consultant At Conference

Dr. J. J. Carney, consultant in food and milk control was among today's speakers, at the annual staff conference of 150 public health workers at the Empress Hotel.

R. Bowring, director of the Division of Public Health Engineering discussed new regulations of the division. C. R. Stonehouse and A. R. Peers, senior sanitarians, also spoke.

Dr. C. E. A. Winslow spoke on public health nursing and J. Doughty, research assistant, Division of Vital Statistics, gave an address entitled: "Statistics Can Be Vital."

—Girls' Wear, Second Floor

**Hudson's Bay Company.**

INCORPORATED 27 MAY 1870.

## The Spirit Of The Cardinals

As enthusiastic as they were in tackling the Boston Red Sox in the World Series last October, Dick Sisler, Country Slaughter and Joe Garagiola, left to right, congratulate Slaty Marion as St. Louis Cardinals' shortstop completes grand slam home run over left field wall in exhibition game. Umpire is Bill Grieve.

## Canadian Title Swim Meet Scheduled Here In August

As predicted, the 1947 Canadian amateur swimming and diving championships will be staged under the auspices of the Victoria Amateur Swimming Club in the Crystal Garden sometime in August.

Jim McCague, president of the V.A.S.C., made the announcement last night, following receipt of a telegram from Ken Muir, secretary of the B.C. section of the Canadian Amateur Swimming Association, stating that the parent body had awarded the championships to the Victoria club.

The exact dates for the gala will be set following a meeting of the V.A.S.C. on April 18. McCague, who has been trying for some time to obtain the 1947 title meet, expects in the neighborhood of 120 swimmers and divers from across Canada to compete. It is also possible that

a number of American natators will take part.

## IMPORTANT MEET

Victoria is extremely fortunate in being awarded this year's championships, as the meet will be staged along the lines of the 1948 Olympic trials and the performances of the swimmers will be closely watched by Olympic selectors in preparation for the games scheduled for London in the summer of 1948.

Last held in Victoria 10 years ago in conjunction with the British Empire Games trials, the championships will give local swimmers, who performed so well in the 1946 Canadian meet at Hamilton last year, a splendid opportunity of coping a number of the Dominion titles.

Eleven senior events in both men's and women's sections, plus four events in the junior sections and three metre diving for men and women will be the complete program.

## Navy Footballers In Smart Stand To Turn Back Spencers

Navy footballers continued their upheaval of local soccer ranks yesterday afternoon by defeating the strong Spencer's eleven 4 to 3 for their first victory in the Rennie and Taylor cup competition of the Wednesday Soccer League. Sailors' win moved them into a second place tie with Spencers.

Navy drew first blood about 15 minutes after the start with Heggie picking the upper right-hand corner of the net on a bullet drive that had Rowe well beaten. Drove, hard working centre-forward of the sailors, made it 2 to 0 a minute later when he headed the leather into the net on a cross from the wing.

George Kulai put the department store team back in the game shortly before half time on a high shot that Murray, the Navy netminder failed to turn.

## DE COSTA SCORES

Playing aggressive football all the way, Navy moved into a 3 to 1 lead shortly after the intermission when De Costa banged home a rebound following two great stops by Rowe. It was Kulai again who scored Spencer's second goal with a terrific drive from about 20 feet out. Murray never moved on the drive.

Spencers tried hard to get the tying marker in the closing moments of the match but Dovey scored for the sailors before Johnny Munro came through with the final goal of the game.

Both goalies turned in steady games and pulled off some remarkable spots. Spencers' backs were rather weak in clearing the ball in front of the net and Rowe had little chance on the shots that beat him.

## St. Louis College Boxers To Travel

St. Louis College boxers, accompanied by Bro. L. Humphries and Coach Louis Callon, will journey to Kent, Washington, today where they will meet Briseo Memorial School in a friendly tournament Friday night.

The following boys will make the trip: Joe MacDonald, Ron Martin, Philip Fillion, Stan Bell, Peter Ash, John Proudhomme, Jack Evans, Pat Cassidy and John Clarkson.

## Figure Chandler Made Example Of Durocher

NEW YORK (AP)—While most baseball observers throughout the country took the view today that the one-year suspension Commissioner A. B. Chandler imposed on Brooklyn Manager Leo Durocher was excessive, many felt that the fiery pilot had some kind of penalty coming to him for his actions on and off the field.

One of the few managers who commented was Ben Chapman of Philadelphia Phillies. He termed the suspension "a tough break" for the Dodgers but added that Durocher had "stuck his neck out."

Dan Parker, New York Daily Mirror columnist who has been one of the most severe critics of the Chandler regime, said: "It's my belief that Happy is simply using Durocher as a punching bag to prove that he is a strong man."

Commented J. Roy Stockton, Sports Editor of the St. Louis Post-Dispatch: "Ever since Chandler took office his conduct of the high baseball office has been criticized. It is not difficult to conclude that Chandler was enraged... and made Durocher his handy whipping boy."

## RICKEY HAS PROBLEMS

NEW YORK (AP)—Now that some of the shock of Leo Durocher's banishment from baseball for the 1947 season by Commissioner A. B. (Happy) Chandler has worn off, president Branch Rickey of Brooklyn Dodgers today faced the task of solving swiftly three problems:

1. Rickey must name a manager to succeed the exiled Durocher for the season which starts in five days.

2. He must make up his mind whether to retain or discharge Leo, when the suspension is lifted at the end of the playing season, Sept. 28.

3. Rickey has only five more days to make good on his winter statement that "a decision on Jackie Robinson will be made on or before the opening day of the National League season."

## Collins Predicts Spokane Will Be W.I.L. Contender

SPOKANE (AP)—Returning from the Spokane Indians' training camp at San Bernardino, Calif., owner Sam Collins said today "I think we'll have a real contender this year in the Western International Baseball League."

"Our pitching staff is beginning to look better," Collins said. "The rest of the team looks good."

The Indians will arrive in Lewiston, Idaho, Sunday, playing the Bremerton Bluejackets there Monday before coming to Spokane to prepare for their league opener April 18.

## BREMERTON WINS

LEWISTON, Idaho (AP)—The Bremerton Bluejackets of the Western International League evened the score at a game apiece here Wednesday when they dropped the Washington State Cougars 8 to 7 in the second game of the series.

The Jackets built up a big 8 to 0 lead in the first five innings as Joe Sullivan, big league veteran hurler, handcuffed the Cougar batters. His successor, Wally Prosser from Spokane, received loose support and W.S.C. got six runs in the seventh inning. Two costly errors by a rookie Bremerton infield allowed five unearned runs.

Short score: R. H. E.  
W.S.C. 7 8 2  
Bremerton 8 13 3  
Batteries: Planck, Foster and Jorisson, Wilburn; Sullivan, Prosser and Kuykendahl.

## GRECO HITS WELL

WALLA WALLA, Wash (AP)—Dick Greco continued his terrific slugging pace in Tacoma Tiger spring sessions, blasting out a triple and a double as the Tigers overwhelmed a local semi-pro club 13 to 2. The Tigers will play a seven-inning practice game with Whitman College Friday afternoon.

## GET NEW STADIUM

VANCOUVER (CP)—A new \$325,000 baseball stadium appeared in the offing for Vancouver today.

## Sportsmen's Clean-up Bee Sunday

A grand clean-up bee to prepare the ground for the establishment of the corner stones for the clubhouse is the program for members of the Victoria Fish and Game Protective Association for Sunday at the Goldstream Park site.

Fred Hughes, president, appealed today for a large working group from the membership to turn out for the working spree, which will start early in the morning and continue all day.

The president, who has been active on all working parties to the site, reported that he has secured \$1,700 of the required \$4,000 to get the clubhouse built.

## Sports Mirror

By PETE SALLAWAY

BASEBALL followers and writers who have been calling on Commissioner A. B. (Happy) Chandler to exert some of the authority handed down to him when he took over from the late Judge Landis will have to sit back and take a deep breath to recover from the shock of Tuesday's action by the former senator from Kentucky. In one of the most dramatic moves in the long history of the sport Chandler removed Leo (Lippy) Durocher from the game for an entire season; socked the powerful New York Yankees and all Brooklyn Dodgers with \$2,000 fines; suspended coach Chuck Dressen of the Yanks for 30 days and fined Harold Parrott, traveling secretary of the Dodgers \$500. Not a bad day's work.

IN suspending Durocher for the season, Chandler knocked the Brooklyn club's chances for the National League pennant into a cocked hat. The Dodgers will be just another ball club without the leadership of the fiery former St. Louis Cardinal. Durocher was the Dodgers, so to speak, and the club will be like a ship without a rudder. Despite his unorthodox system of changing pitchers and players so often he had the scorekeepers in a continual uproar, Durocher was credited with having played a leading role in piloting the Dodgers into a first-place tie with the Cardinals in last year's campaign. With the new season scheduled to open Tuesday, Branch Rickey is going to be hard put to find a suitable replacement for Lippy at such a late date.

DUROCHER'S suspension may mean the end of the odd partnership between him and Rickey. Baseball leaders in general have never been able to figure out the bond that existed between the quiet, soft-spoken Rickey and his loud-mouthed, boisterous manager. Durocher, who has been noted for his ability to talk himself out of just about any situation, apparently was struck speechless by Chandler's action, as, at the time of writing, he had failed to come up with one of his famous wisecracks. Chandler really slammed the door in Durocher's face, as there will be no position open to him in organized baseball during 1947. He cannot lodge an appeal except to anybody but Chandler. Durocher might go to court, but that would finish him in professional baseball as the leaders of the sport do not condone having the actions of the commissioner reviewed by the bench. Of course Leo might elect to join forces with the Mexican League, but that would take him out of baseball for at least five years as that is the automatic penalty for jumping to circuit backed by the famous Pasquel brothers.

THAT 6 to 0 opening game victory of Montreal Canadiens over Toronto Maple Leafs was a rude shock to the supporters of Conny Smythe's club. The Flying Frenchmen, despite the loss of such stalwarts as Elmer Lach, Kenny Reardon and Ken Mosell, had far too much on the ball for the Leafs. It was a case of experience triumphing over youth. The Canadiens are not six goals better than the Toronto club and one can expect the Leafs to show better in tonight's second encounter.

CLOSEST to the pin competition was won by Capt. D. Proudfoot, and A. Stewart took the prize for the longest drive.

Low net score for the round was turned in by Dick King with 67, while D. Spence and C. McLaughlin were tied for second with 75's. F. Norton and C. Denham with 34's shared low net honors for the first nine, while C. Meston captured low net prize for the second nine, also with a 34.

## 'Win For Lach' Series Battle Cry Of Canucks

MONTREAL (CP)—The eager youngsters from Toronto—made even younger by the loss of veteran Nick Metz, their leading scorer to date, get their second chance against the "tired old men" from Montreal tonight when Maple Leafs and Canadiens tangle in the second game of the Stanley Cup final.

When the Stanley Cup-defending Canadiens blanked Leafs 6 to 0 here Tuesday in the opener of the best-of-seven series, it put Hap Day's club on something of a spot. The Leafs need a win tonight to give them a foothold for the next two contests back in Toronto Saturday and Tuesday.

Leafs haven't been able to take Canadiens' measure here all season—although they collected three ties—while on home ice they were good for three wins and a tie.

## POLE AS REPLACEMENT

The 33-year-old Metz was sidelined, probably for the remainder of the series, in the first game when a second-period spill left him with a painful rib separation. In his place Day will use 23-year-old Bud Poley.

The Habituants out to win for the injured Elmer Lach at all costs, will be at full strength except for Lach and Ken Mosell—both out for the season—and that happy-go-lucky Irish defenceman, Kenny Reardon.

In Canadiens' camp, Coach Dick Irvin wasn't making any wild predictions.

"Leafs will be better tonight," he observed safely. "In fact they're apt to be hot. Look how they came back after Detroit walloped them 9 to 1 in the semifinal."

"We can't let Leafs win on our ice," he continued.

But getting back to the not-so-happy Day, the Leafs coach intimated he might bring up more players from Pittsburgh of the American Hockey League—he wouldn't name them off-hand because "it all depends on just who we need"—if Hornets can eliminate Hershey Bears tonight in their playoff series.

## Open Match Play In Seniors' Golf

Match play for the class championships in the annual seniors' tournament at the Uplands Golf Club will open with the draw announced today. The Lemon Gossnason, J. Caven, A. Sheret and S. J. Halls cups will be at stake.

Players will arrange their own games and first round must be completed by April 19.

Draw follows:

CLASS A  
Archdeacon H. A. Collins vs. A. R. McMillan; Rev. F. Conley, by: J. Tully vs. Capt. A. M. Boyd; Capt. J. W. Kenyon, by: C. P. Smith vs. F. Deans; Bickholder, E. Macdonald-Grieve vs. W. R. Foster; A. Hutton vs. H. C. Cowdry; A. Leeming vs. Geo. Pettimont; C. H. Bevan vs. R. Garton; Philip Ellis vs. H. H. McBride; J. N. Rowell vs. Canon S. Byall.

CLASS B  
J. Martin vs. M. H. J. Norman; J. R. Stone vs. A. E. Irish; Dr. H. H. Lively vs. Fred Smith; W. Hynes, by: S. C. Terrie, by: W. L. Rippon vs. J. V. Duldal; S. G. Johns vs. J. A. Loezie; R. W. Watson vs. F. L. Leslie.

CLASS C  
O. G. Sutton vs. C. J. Robertson; H. C. Harshbarger vs. M. G. English; Wm. Grey vs. Stan Evans; G. E. Goodwin vs. L. A. Rees.

CLASS D  
A. Phillips vs. A. Riches; T. S. Whitmore vs. M. G. English; Wm. Blackman vs. H. S. Hurn.

ENTRIES CLOSE FRIDAY

Entries for the B.C. table tennis championship scheduled for Vancouver April 17, 18 and 19 must be handed in at the Crystal Garden tonight or mailed to Nancy Craig at 1814 Quadra St. by Friday morning. This is necessary as all entries must be forwarded to the Vancouver Lawn Tennis and Badminton Club by Saturday.

## Sid Smith Sparkles As Fairfield Meat Win Bowling Title

Fairfield Meat Market captured the Commercial Fivepin Bowling League championship at Gibson's Bowladrome last night in a five-game playoff with the five other teams of the circuit.

In annexing the title the butchers rolled a total of 5,510 for the five games.

Second place went to the Eagles with a total score of 5,457. Barbers 5,391; Liberty Cafe, 5,286; Quality Meat 5,246 and Home Cafe 5,146, finished in that order in the playoff.

High individual score for the five games went to Sid Smith of the winners who bowled sparkling games of 300, 320, 225, 224 and 197 for a total of 1,266 pins, and an average of 255. Don Corbett, Ideal Barbers, who placed second with a total of 1,190, took high single game honors with 333.

The league will officially wind up its season Wednesday night at a smoker in Macdonald Hall, when cups and prizes won during the season will be presented.

## 2 Victoria U.B.C. Graduates Win Fellowships At U. Of C.

Two Victoria graduates of U.B.C., Charles D. Maunsell and Thomas E. Whittemore, have been awarded valuable teaching fellowships at University of California, it was announced today.

A similar award, a teaching assistantship, was won by Thomas L. De Collins of Acadia Camp, U.B.C.

All are members of the teaching staff of the Department of Physics at U.B.C.

The University of California fellowships in physics are valued at approximately \$900 and are for one year.

Charles D. Maunsell, who won a Physics Fellowship, is the son of Mr. and Mrs. D. P. W. Maunsell, 138 Eberts Street. He attended Victoria High School and was at Victoria College from 1941 to 1943. He graduated from U.B.C. with B.A. degree in 1945, attaining first class honors in mathematics and physics, winning the Governor-General's gold medal at the head of the graduating class for B.A. degree.

In the 1943-44 session he won a university scholarship in arts and science for general proficiency. He will be a candidate for M.A. degree at the fall congregation at U.B.C. this year.

Thomas E. Whittemore, winner of a teaching assistantship, is the son of Mr. and Mrs. T. S. Whittemore, 1198 St. Patrick Street, Oak Bay.

A former student at Oak Bay High and Victoria College, he entered U.B.C. in 1942 and obtained his B.A. degree in 1945, with first class honors in mathematics and physics. He also is a candidate for M.A. degree at the fall congregation at U.B.C. this year.

C. D. MAUNSELL

## Magistrate Advises A.A. Help When Man Finishes Jail Term

"I am going to give you a short jail sentence because I think it is best for you . . . and when you get out I would strongly recommend you seek the assistance of Alcoholics Anonymous to help you," commented Magistrate Henry C. Hall when he sentenced a man who had made an unsuccessful attempt to commit suicide to three months in jail.

The magistrate had earlier this year had the man up for another charge in which heavy consumption of liquor had proved to be the chief root of his troubles. In recommending the A.A. for assistance to the man, Magistrate Hall paid this compliment to the organization: "They have done some marvelous work."

## Predicts Expansion Of Industries On Vancouver Island

Great industrial development on Vancouver Island in the not too distant future was foreshadowed today by Henri Van de Velde, managing director of some 34 felt and textile mills in Australia and South America, who visited Victoria today.

The industrialist attended this morning a directors' meeting of the Victoria Felt and Textile Ltd. of Canada, to advise them on future expansion and production of felt at the Victoria mill.

He said he believed the local plant, as business expanded, would be able to absorb 1,000 workers.

"Initial employment will be small," he said, "but as the mill expands more, and more workers will be employed."

Mr. Van de Velde said the mill would first look after local needs and then would gradually produce enough felt and textile for the rest of the island and the mainland.

The new industry in Victoria would get its wool supply from the island as well as from Australia and South America, he said.

"Victoria is particularly a good locality for textile mills because of atmospheric conditions," he said. "The fact that it is a port is also advantageous."

GREAT FUTURE  
Mr. Van de Velde said he saw a "wonderful future" for the West Coast and Vancouver Island.

"There is no industrial competition on the West Coast," he stated, "and you are in need of industries to look after your growing population. This will come within a few years as small industries expand."

Mr. Van de Velde said he expected the local plant to start production in 1947 and skilled technicians would come direct from Australia to start the plant and install equipment. These men would return to their country as soon as sufficient Canadians had been trained as technicians.

The textile industrialist said he was leaving today for California and hoped to go from there to South America and Europe. "I'm only here on a visit to advise the directors of the Victoria plant," he said. "I must say I am very pleased with my visit to Victoria."

## Free Legal Aid For Needy Recommended

A resolution to be forwarded to the National Federation of Parent-Teacher Associations was passed at the annual meeting of the B.C. Parent-Teacher Federation in session at the Empress Hotel today asking that free legal aid be provided for those unable to pay.

In this connection it was pointed out that the Vancouver Bar Association has a legal aid committee which gives free legal advice, clearing each case as to worthiness through the Family Welfare Bureau for civil cases, and the John Howard Society for criminal cases.

## 'Butter On Prairies; May Take Steps To Force Release' Says Wholesaler

Some steps may be taken "to force the creameries to release the butter which they are holding in storage," manager of a wholesale packinghouse in Victoria said today as he stated there was "butter on the prairies, but it was being held for a possible price advance."

"The butter is there, we know that, but we have been getting about 10 per cent of our normal requirements during the last month," he said.

"We are definitely trying to get butter into Victoria, for we are losing business this way."

In the meanwhile, the women of Victoria are angry over the butter shortage.

They lined up three deep and almost a block in length, in one downtown department store before 9.30 this morning, in hopes of obtaining even one half-pound. Other stores are facing similar line-ups whenever they put butter on the counter, which is very seldom. The shortage, which began a month ago, has grown steadily worse.

There are two schools of thought on reason for the shortage. Of five wholesalers contacted, only one said butter was being held. Another said he had been told it was a seasonal shortage, with butter stocks low.

Three others said they knew there was a shortage, but did not know the reason.

Of two retailers, one said butter was being held, the other said he did not know the reason for the shortage. No wholesale house is getting its full requirement of butter.

"We are not getting any of our normal requirements from Alberta," said A. C. Lindsay, manager of Swift Canadian Company Limited. "The creameries give us no reason for the shortage; they say they have no butter for us to quote a price on."

"I do not know why there is a shortage, but we are trying to bring more butter in to Victoria."

T. H. Scott, manager of Canada Packers Ltd., said his company was getting in slightly more than 50 per cent of their normal requirements.

"IN THREE WEEKS"  
"We hear that the shortage might be over in three weeks. Dealers in the butter business on the prairies and brokers in Vancouver, say it is a seasonal shortage and that butter stocks are low," he said.

J. S. Hall, manager of Gainer's Ltd., said he was getting no information whatsoever on the butter situation.

## To Consider Legality Of Being In Betting House But Not Betting

Judgment in the cases of four persons charged with being found in a premises, run by Roy Copas at 1315 Government Street, where horse racing bets were recorded, were remanded to next week by Magistrate Henry C. Hall to enable him to look up authorities on the question of whether it is legal to be in the premises when not participating in betting.

The four trials held this morning in city police court were those of John Kostichuk, Roy Murray, William Morris and Nels A. Strand. Kostichuk and Murray said they had only been watching pool games in progress. Murray said he had gone in for a moment and was coming out again when accosted by the police. Strand said he had been standing by the stove to keep warm.

Morris and Murray both replied "in the affirmative" when asked by city prosecutor Claude L. Harrison if they knew bets were recorded at the counter.

The other two said that they had presumed exchange of money and showing of racing sheets indicated betting activity.

In regard to the question as to whether persons found in a betting house were free from penalties of the law if they did not participate in the actual betting, Mr. Harrison quoted Chief Justice Hunter in a former verdict on the matter.

The Chief Justice, he said, had said that if a man had legal business to transact on the premises, such as a plumber, he would be clear in the eyes of the law, but in regard to other persons in the place "the Lord had given the meyes to see with and ears to hear with" to tell them to get out of the premises.

Sgt. Peris Atkinson, in charge of the raid squad of the city police, gave evidence.

## City May Consider Taxing 75 Per Cent Of Improvements

As City Council committees are meeting daily in the City Hall to try and cut 1947 expenditures to the bare minimum, in an effort to get the mill rate down from the 54 mills for which present estimates call, many of the aldermen are considering the suggestion made in the Goldenberg Report that taxes should be levied on 75 per cent of improvements.

The council has the right to levy taxes up to 75 per cent of improvements, and with the present 42 mill rate such a levy would add another \$190,387 to the coffers. The value of one mill under such a new levy would rise from \$39,047 to \$42,009.

Mayor Percy George in the past has always opposed any such action which he has labelled "subterfuge" to hide an actual increase in taxes. No one member of the City Council as yet will admit that he will sponsor such a move, but it is gaining support in committee discussions.

Wednesday the parks committee met under Ald. D. D. McTavish and slashed more than \$37,000 from its budget of \$168,614, which virtually eliminates the majority of new work planned for parks this year.

This morning the street lighting committee met under the chairmanship of Ald. F. G. Mulliner and cut its budget from \$87,468 to \$74,350, representing the elimination of \$13,118. This took out the renewal of light standards on Dallas Road and cut repairs to buildings from \$6,000 to \$2,000.

## Rehabilitation Of T.B. Sufferers Discussed By Health Workers

Physical and social rehabilitation of B.C. tuberculosis sufferers was reviewed Thursday by 150 provincial public health workers participating in a four-day annual staff conference.

Speakers outlining progress and problems of tuberculosis prevention, detection and treatment in British Columbia, were Miss J. B. Peters, tuberculosis nursing consultant; Miss Esther Paulsen, supervisor, Vancouver T.B. Unit, and Miss Helen M. Sutherland, provincial supervisor of social welfare.

Miss Peters, a T.B. nurse who has served in the province for 20 years, described work of three mobile clinics now in operation and handling 600 persons a day each, and outlined free X-ray service available to each B.C. citizen at least every two years.

PORTABLE UNIT  
She announced recent donation by the British Columbia T.B. Society of a small portable unit for use in isolated areas, which was financed by sale of Christmas seals, and stated that mobile units, in operation for only a short time, are already making their second visit to some rural areas.

Importance of mental security toward recovery of T.B. patients was emphasized by Miss Sutherland, who described the work of medical social workers as a type of mental therapy, "without which physical recovery would be impossible."

She outlined types of social assistance available to patients qualifying, and stated that in some cases housing and mortgage assistance can be given.

Failure of T.B. nursing as a specialty work to attract student nurses was attributed by Miss Paulsen to fear of the disease itself, and past lack of sufficient T.B. training in nursing schools.

She urged necessity for recognition of the T.B. nurse as a teacher both in hospital and home, and advocated "teacher training" programs in T.B. institutions, to train nurses in the careful approach necessary in dealing with patients and their families.

Miss Paulsen stated that danger of T.B. infection among nursing school patients has been reduced by constant skin-testing and X-ray programs, and continuous health supervision.

P.-T.A. Resolutions  
A resolution resolving that representations be made to the federal government, recommending that necessary legislation be enacted to provide for sentencing offenders against public morals where those offences are due to a psychopathic condition, to preventative detention and treatment in a separate institution provided for that purpose, was passed by the B.C. Parent-Teacher Federation in annual session at the Empress Hotel today.

The second part of the resolution resolving that representation be made to the government of the Province of British Columbia recommending that all sex offenders (offenders against public morals) have medical and psychiatric examination before being sentenced in order to obtain before disposition, an understanding of the personalities of the offenders was also passed.

## Artillerymen Meet

Members of the 15th Brigade, C.F.A., will meet tonight at 8 to plan a celebration to mark the 31st departure of their unit for World War One. The meeting will be held in the office of G. A. Cameron, Union Building, at 8. Any artillerymen who served with the 62nd Battery, 51st Battery, 58th Battery or the 15th Brigade ammunition column are invited to attend.

## Raising Scow Today

Island Tug and Barge Ltd. officials expressed hope today that the company's sunken derrick scow Skookum would be raised on the rising tide late this afternoon.

The scow sank Tuesday after striking a submerged object in the Inner Harbor where fill work was being done at the site of the proposed new \$100,000 Black Ball Ferry dock.

## 3,000 Guerrillas

ATHENS (AP)—Greek military sources said today government forces were trying to surround some 3,000 leftist guerrillas in a campaign fought more than a mile above sea level in the Pindus Mountains between Thessaly and Epirus.

## Surgery For Cancer Treatment

Medical students, above watching a skilled surgeon carrying out an operation on a cancer patient. It is estimated that 70 per cent of all cancer patients require surgery for purposes of diagnosis or treatment. Cancer surgery produces some of the most difficult problems in modern surgery. Establishment of cancer clinics and centres where these surgical techniques can be utilized to reach cancer sufferers in every section of Canada is one of the long-range objectives of the Canadian Cancer Society, now holding its annual drive for new members and funds.

## Buyers' Strike To Be Discussed By City Organizations

Possibility of a buyers' strike were discussed in Victoria today with meetings called for Monday to consider rising cost of living resulting from the lifting of price controls on food items and other commodities.

Robert Mezger, secretary of the Victoria Labor Council (C.C.L.), announced that the council would discuss the matter at a meeting Monday. There was a possibility of members joining with the rest of Canada in a buyers' strike, he said.

Mrs. Bertha Parsons, president of the Local Council said a meeting would be held at 2 p.m. Monday at the Y.W.C.A. to discuss the rise in prices of food items. The local council represents 5,000 housewives in Victoria.

Several other women's organizations in Victoria indicated that a strong fight would be put up to keep food prices down in the city.

Mrs. Parsons said the Local Council had always protested against the lifting of price control on food and indicated that strong representations might be made by members attending the meeting.

In session this morning at the Empress Hotel members of the B.C. Parent-Teacher Federation passed a resolution presented from Jordan River P.T.A. resolving that "as there is danger of inflation with the removal of price controls and as the Consumer Branch of the Wartime Prices and Trade Board has been requested to continue to function until the end of May, each parent-teacher association request its members to report any undue price rise as soon as possible and to buy meat with the same care as they exercised during the period of rationing."

## Start Work On Plans For New City Hall

Work on plans for the new City Hall, together with estimates of costs will be started by the new city hall committee within the next week, Ald. Edward Williams, chairman, announced today, now that all hopes of obtaining the Belmont Building have gone.

Following a meeting with R. W. Mayhew, M.P., Wednesday, during which the possibility of the city using part of the Belmont Building on a lease basis until it is available for sale was discussed, Ald. Williams said the by-law for the sale of the present structure to Hagar and Swayne for \$176,000 would probably be put to the ratepayers within the next month.

## \$100 Robbery Of View Street Firm

The sum of \$100 in bills was stolen by thieves who broke into the office of the Victoria Roofing and Insulation Company, 725 View Street, overnight, Garfield Taylor, manager, reported to city police this morning.

Detective Fearon Woodburn attended to find entrance gained by forcing the rear door. Drawers and cupboards in the front office were ransacked, the money being secured from a box in one of the latter.

H. B. Pratt, 91 Cook Street, reported to city police that a spare tire and wheel was stolen from his automobile sometime between Tuesday night and Wednesday morning.

To Esquimalt Police, Maj. Croft, Work Point Barracks, reported that sometime last night Macaulay Fort was broken into and four telescopes and two stands for them were stolen. Also missing is a signal pistol. Total value of the missing articles is \$200.

Mrs. E. Button, 1600 Hampshire Road, reported to Oak Bay Police the loss of a purse containing \$71 in a Safeway store in the municipality.

A building permit has been issued to W. W. Bridgeman to make a \$3,000 addition to stores at 815 Government Street.

World's Champion Typist Here Today  
Albert Tangora, seven times holder of the world's typing championship and holder of the official world's record, was in Victoria today and gave a demonstration to students of the Sprout Shaw School.

Highlight of this morning's demonstration was his stunt to show that little mental concentration was needed to copy. During one minute, Mr. Tangora typed 132 words at the same time he added, in his head, five four-digit numbers which were called out to him one by one.

"Copying is like camera work," he said. "Your eyes are on the lens; the paper is the film, and your fingers are the shutter."

To the students of the school, 60 words per minute is considered a great speed. The ease with which Mr. Tangora typed 60 words a minute while changing papers in his machine and turning pages in his book seemed to be quite slow because of the effortless way in which he typed.

Mr. Tangora told the students that the secret of good typing was to type as fast as possible at one continuous speed.

The world's record which Mr. Tangora holds is 44,136 strokes in one hour. This is 142, five-stroke words per minute, or 12 strokes per second.

When training for a world's championship contest, Mr. Tangora practices four hours a day during the five months before the contest.

## Start Work On Plans For New City Hall

Work on plans for the new City Hall, together with estimates of costs will be started by the new city hall committee within the next week, Ald. Edward Williams, chairman, announced today, now that all hopes of obtaining the Belmont Building have gone.

Following a meeting with R. W. Mayhew, M.P., Wednesday, during which the possibility of the city using part of the Belmont Building on a lease basis until it is available for sale was discussed, Ald. **Many Good Buys in****Real Estate****Spring Floods Spread Over Thousands Of Southern Ontario Acres**

The worst floods in southern Ontario's history are receding now, but thousands of homes are still abandoned, highways impassable and many industries at a standstill. Though the worst of the floods centre around Chatham and London, motorists driving from Montreal to Ottawa found the roads under 10 inches of water in many places. Above is an aerial view of Wallaceburg, Ont., at peak of the flood.

**Atomic Bomb Would Eliminate Seattle Professor Claims**

"If an atomic bomb were dropped into the harbor at Seattle, that city would be eliminated. It would kill all the inhabitants either by the explosion, itself, or by radioactivity. It would also be impossible for anyone to enter that area for considerable time," Professor Joseph E. Henderson, director of the Applied Physics Laboratory, University of Washington at Seattle, said when he addressed an open meeting of the Victoria Centre, Royal Astronomical Society of Canada, Wednesday night in the Victoria High School auditorium.

Six or eight such bombs dropped on Vancouver, Victoria, Seattle, Portland, San Francisco, Los Angeles and several other centres would completely shut off this entire coast, the professor said.

"Atomic energy is not just another weapon," Professor Henderson said. "It is just another type of power such as the harnessing of electricity was. It is

a discovery which ranks with man's first use of fire."

**NO SECRET**

"The atomic bomb is no secret," the professor explained. Before the war all countries knew that it was possible to split the atom and release much energy. During the war it was a race to see who could find the exact procedure first. "We were the lucky ones," he said.

The professor said that Russia would have the procedure for herself soon. Russia has been told many avenues not to pursue in making such a bomb and it should only be a matter of three years before he hits upon the correct process, he said.

"We will be safe from this weapon only if the United Nations succeeds. We must give the United Nations our fullest support. We must have international control of the atom," Professor Henderson said.

Illustrating the power of the atomic bomb, the professor said: To compare the exploding force of an atomic bomb with TNT it would be necessary to set off 20,000 tons of TNT before anything like the effect would be produced.

Radioactivity produced by the bomb was as dangerous as the exploding force, Professor Henderson explained. Radioactivity takes three forms. These are alpha particles, beta particles and gamma rays.

Alpha particles, he said, could not penetrate very far but could work into a human body and lodge in the marrow of the bone. Here their activity stops the production of red corpuscles making the person anaemic. Once this has happened it is only a matter of time before death occurs.

Beta particles, he said, had greater penetrating powers. These particles kill the nucleus of a living cell making it impossible for that cell to reproduce before it dies.

Gamma rays were the most penetrating and devastating of all, the professor said. If a ship were built with a thickness of enough lead and steel to protect a man from these rays, it would not be able to float.

Five hundred persons attended the meeting. Professor Henderson showed a technicolor film in connection with his talk, showing pictures of the Bikini bomb tests. Dr. A. McKellar, of the Dominion Observatory, Saanich, president of the Astronomical Society, introduced the speaker.

**Marathon Games Feature Battles In Coast Baseball**

Extra inning games were the rule in yesterday's Pacific Coast League baseball competition but Portland and San Diego topped them all in the southern city.

The Padres and the Beavers fought it out for 15 innings, giving up in a 4 to 4 tie only because of the league's curfew law.

The defending champion San Francisco Seals lost a 10-inning struggle with Hollywood, 7 to 4, when the Stars rose up and smacked the titleholders for three runs in the 10th. Pitcher Larry Powell was the victim of the Hollywood uprising. The Stars' leftfielder, Andy Skurski, and moundman Clint Hufford hit and pitched Hollywood to the victory.

There was another 10-inning contest in Los Angeles in which Oakland finally squeezed past the Angels, 4 to 3. Les Scarsella's single and Bill Hart's double produced the Oaks' winning run after they had tied it up in the ninth when pinch hitter Glenn Crawford singled, went to third on infield outs and scored on Brooks Holder's single.

In the only regulation-length game Sacramento rushed away with a six-run first inning blast to take the measure of Seattle 7 to 4. Hugh Orphan, pitching his way with that topeavy load, outlasted three Seattle pitchers for the victory, although the Rainiers outlasted Sacramento 11 to 10.

Oakland (10) defeated Los Angeles (9) in 10 innings. Batteries—Arnold, Hayes (9), Boer (9) and Kearse, Raimondi (9); Adams, Baker (10) and Malone. Portland (10) defeated San Diego (9) in 10 innings. Batteries—Blanco, Liska (10) and Murtore, Holm (9); Vasilich, Triner (9) and McDonnell, Kerr (10). Hollywood (7) defeated San Francisco (6) in 10 innings. Batteries—Smith, Hufford (7) and Under, Shively (9); Cameron (10); Merton, Rosso (7), Powell (9), Jensen (10) and Grogowski, Leonard (9). Sacramento (10) defeated Seattle (9) in 10 innings. Batteries—Pearson, Orthal (1), Yelovich (8) and Hill, Stage (8); Orphan and Fitzgerald.

**Durocher Handed One Of Severest Penalties On Record**

NEW YORK (AP) — Suspension of manager Leo Durocher of Brooklyn Dodgers for the entire 1947 season is one of the severest penalties ever handed out in organized baseball.

In 1921 Babe Ruth and Bob Meusel were suspended for 30 days at the start of the following campaign and fined their entire share of the world series receipts for defying an order by Commissioner K. M. Landis against engaging in post-season barnstorming.

Ruth also drew a \$5,000 fine from manager Miller Huggins of the Yankees for failure to keep in condition late in the 1925 season.

Ben Chapman, now manager of the Phillies, was banned from minor league baseball for the entire 1942 season by W. G.

Brannan, National Association president, as a result of an attack on umpires during a Piedmont League playoff season. Last year a number of players who jumped to the Mexican League, among them Max Lanier and Lou Klein of the Cardinals and Mickey Owen of the Dodgers, were barred from organized baseball for five years as a penalty for contract jumping.
